

Iris Sciences

Human Resources · Onboarding

Welcome, J. Robertson

Welcome to Iris Sciences. As Director of Enrichment you will oversee all programmatic activity across the modern surface, with root-level access to subjects, sessions, approvals, and methodology.

This packet contains your initial credentials and rotation guidance. Please familiarise yourself with the institutional Cooperative Care Charter (linked separately) within your first week.

Your temporary credentials

Username: [REDACTED]

Password: [REDACTED]

Please rotate within 7 days. Once you log in, navigate to your profile settings to update your password. Contact HR if you do not see the password-reset option within your dashboard.

What you can do

- Review and approve test sessions across all wings
- Adjust subject status, including post-test reassignment
- Access the Quarterly Enrichment methodology page
- Run institutional exports for compliance reporting

Iris Sciences principles

We operate on continuous-enrichment principles. Decisions affecting subjects should always default to the methodologically-tolerant interpretation. When in doubt, file under usual cadence.
